## Offshore® 135

	OFFSHORE 135
Boat size	Powerboats of 10 m and above (33 ft + ).
Compass card	Graduated every 5°, apparent Ø 130 mm. Heading numerals every 30°.
Hood / sunshade	Articulated protective hood : built-in sliding cover, composed of 3 telescopic parts.
Mounting	Comes as standard in a flushmount version. Can be bracket-mounted with the addition of optional bracket.
Resistance to vibrations and hull pounding	Magnetic cell mounted on shock absorbers.
Lubber line	1 lubber line.
Compensation	Supplied as standard.
Lighting	<ul style="list-style-type: none"> <li>• On flat card : 2 bulbs, 12 V.</li> <li>• On conical card : 1 bulb, 12 V.</li> </ul>
Homologation	SOLAS-MED 96/98

Built-in articulated hood : slide it gradually on the compass to adapt to the light and avoid glare on the dome. When totally shut, your compass is perfectly protected.

The optional bracket brings additional mounting possibilities, either on a horizontal surface avoiding to cut the instrument panel or on a vertical bulkhead. The bracket slides onto a fixing plate, allowing easy removal after use for complete security from theft. Beyond a simple aesthetic preference, the bracket mounting also offers the extra advantage of isolating the compass from the dashboard, thus reducing the potential interference created by other instruments and metallic objects.

OFFSHORE 135	Flushmount	Optional bracket kit*
• <b>BLACK COMPASS</b>
